Professional Summary

MCA student with strong foundations in full-stack systems, databases, and SaaS-based applications. Experienced in understanding customer requirements, explaining technical solutions clearly, and collaborating across product and engineering workflows. Aspiring **Solutions Consultant (Pre-Sales)** eager to bridge technology and customer needs in a fast-paced SaaS environment.

Education

Master of Computer Applications (MCA) , VIT Bhopal University CGPA: 8.3 (Current)	2024–2026
B.Sc. (Hons.) Computer Science , University of Calcutta CGPA: 8.1	2020–2023

Skills Relevant to Solutions Consulting

Technical & Product Skills: Web applications (MERN stack), REST APIs, databases (MySQL, MongoDB), SaaS architecture fundamentals

Customer & Solution Skills: Requirement gathering, solution mapping, explaining technical features to non-technical users, product demos, issue analysis

Data & Analysis: SQL queries, data interpretation, feature analysis, performance evaluation

Tools & Platforms: Git, GitHub, Postman, VS Code, Linux (basic), CRM & SaaS platform understanding

Projects

ImaGeen — AI-Powered Text-to-Image SaaS Application	Nov 2025 – Dec 2025
--	---------------------

Tech Stack: MERN, REST APIs, MongoDB, Stripe, Tailwind CSS

- Analyzed user requirements and mapped them to AI-powered image generation solutions.
- Explained product workflows, limitations, and API behavior during demos and reviews.
- Collaborated on improving user experience based on feedback and usage patterns.

Wanderlust — Property Management Platform	Aug 2025 – Sept 2025
--	----------------------

Tech Stack: Node.js, Express.js, MongoDB, Cloudinary, Google Maps API

- Studied real-world property management use cases and mapped them to platform features.
- Assisted in explaining system functionality, APIs, and integrations to users.
- Improved platform reliability through validation and structured error handling.

Entrepreneurial Experience

Founder — Online Solution Tours & Travels (Kolkata)	2019 – 2021
--	-------------

- Founded and operated a customer-facing travel services business listed on Justdial.
- Interacted directly with customers to understand travel requirements and propose suitable packages.
- Handled end-to-end sales conversations including inquiry handling, pricing discussions, and confirmations.
- Coordinated with vendors and service providers to ensure timely service delivery.
- Developed strong skills in customer relationship management, negotiation, and value-based selling.

Positions of Responsibility

Computer Science Instructor — UrbanPro	Jun 2023 – Present
---	--------------------

- Explained complex technical concepts to non-technical learners in a clear and structured manner.
- Built strong communication, listening, and problem-solving skills.

Honours & Awards

Winner — Code Combat Hackathon, University of Calcutta	Apr 2024
---	----------

Led team to first place by analyzing problems quickly, proposing optimal solutions, and communicating decisions effectively under time constraints.

Competitive Coding Achievements

- LeetCode 🐙: Solved **125 problems**
- GeeksforGeeks 🐙: Solved **152 problems**, Coding Score **577**

Certifications

Data Analytics with Python — CampusX (2025)
Full-Stack Web Development — Apna College (2025)
